

Machining Services

Dedicated People, Quality
Products, and Above All, Service.

L&S Electric now features custom machining using our advanced CNC machines to meet your needs for services such as milling, turning, boring, grinding, and fabrication.

For custom-designed parts lacking specifications, we can quickly reverse-engineer most parts. Equipped for both long and short run production, L&S Electric has the ability to machine rolls, shafts, castings and more for the following industries:

- OEMs
- Paper Companies
- Mechanical Contractors
- Paper/Plastic Converting Companies
- Food Processing and Packaging Companies
- Power Machinery
- Construction
- Agriculture
- Printing Companies
